SUMMARY

I'm a passionate full-stack developer skilled in the MERN stack, with a strong focus on JavaScript. I enjoy building dynamic web applications and continuously improving my coding expertise through projects and challenges.

SKILLS

- **Frontend** : HTML, CSS, TailwindCss , JavaScript , React.js , Redux
 - **Backend** : Express.js , MongoDB , Node.js
 - **Version Control**: Git, GitHub
-

EDUCATION

Bachelor of Commerce (Computer Applications)

Barkatullah University, Bhopal | [2021-2024]

Gained a foundational understanding of computer applications along with core commerce subjects. Studied web design, basic programming concepts, and office tools as part of the curriculum. Developed academic mini-projects and presentations to build familiarity with web technologies and computer fundamentals.

PROJECTS

Auto-fixpro (Full-Stack)

[Live Demo](#)

Developed AutoFix Pro is a MERN stack-based car service app that lets users register complaints, track live resolution status, and chat with admins in real time, ensuring a smooth and transparent vehicle service experience.

Shop-me (Front-End)

[Live Demo](#)

Designed a responsive e-commerce website built with React, and Tailwind CSS. It features product filtering by category, a clean UI, and full add-to-cart functionality, providing users with a smooth and interactive shopping experience.

EXPERIENCE

Full-Stack Development Intern – Eskills Web | Sep 2024 – Present

- Developed and optimized web applications using HTML, CSS, JavaScript, React.js, and Redux.
 - Built and deployed RESTful APIs for web and mobile applications, integrating MongoDB for efficient data management.
 - Implemented API fetching using Axios and Fetch, ensuring smooth data retrieval and performance.
-

CERTIFICATES

- REACT & Java Script COURSE FROM BEGINNER TO PRO.
- Web Development Masterclass.
